

## 5th Swiss Workshop on Local Public Finance and Regional Economics

Università della Svizzera italiana, October (12)-13, 2023

Dear colleague,

We are glad to invite you to participate in the 5<sup>th</sup> edition of our **Swiss Workshop on Local Public Finance and Regional Economics** that will be held at the Università della Svizzera italiana on Friday October 13, 2023. After the last edition hosted by the University of Bern, we are excited to welcome you in Lugano to continue the inspiring and productive exchange with all of you.

The workshop seeks to bring together leading scholars and young researchers working in the fields of local public finance, political economy, regional and urban economics with a special interest in Switzerland. The conference aims to stimulate the exchange of ideas among researchers and to contribute to the understanding of interactions between public policies and the geography of economic activity.

The format of this workshop is very informal and relaxed. Presentations and attendance of all interested researchers are very welcome so please spread the word among your network. A dinner will be organized in Lugano on Thursday, October 12, while the workshop will start on Friday around 9 am to finish around 5 pm.

Please submit your paper or extended abstract by September 1, 2023 using this form <https://forms.gle/couH3bPNZsmLiA6R8>. Let us know in the form if you need an accommodation such that you can benefit from discounted rates at nearby hotels in Lugano.
